

CARGO

HAUL MORE OF THE WORLD AROUND YOU.

*Properly secure all cargo

You need space to work? Think about what you can do with up to 600 cubic feet of space. Haul all your tools. Haul all your equipment. Haul pretty much anything and everything you can imagine.

The Freightliner Sprinter Cargo Commercial Utility Vehicle (CUV) offers best-in-class* payload capacity, best-in-class* cargo capacity, best-in-class* rear and side door opening areas and best-in-class* standard interior standing height.

All in all, this Cargo CUV was engineered to improve the way you work. Add state-of-the-art safety features like Adaptive ESP^{®†} and two powerful engine options and you've got a work vehicle that offers more to haul more.

Powered and designed by Mercedes-Benz.

THE EASY WAY
TO UPFIT. **e**EQUIP
WWW.FL-SPRINTER.COM/EQUIP

*Based on Automotive News classification.
† No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.
